

THE ELECTRO-DYNAMIC COMPANY
OF PHILADELPHIA.

No. 224 CARTER STREET,

Philadelphia, May 13th 1887

Daniel M. Fox Esq.,
Sup't of United States Mint,
Chestnut & Juniper Sts,
Philadelphia.

Dear Sir:

In accordance with your letter of inquiry of the 12th inst we have examined the six light Maxim Electric Machine, and find that it needs rewinding and re-insulating in part, and the armature bearings refitted, as they are so much worn as to throw the armature out of truth. If awarded to us we will do this work including all expenses for cartage and incidentals for the sum of thirty dollars (\$30).

If so directed we will also fit the bearings of the remaining Maxim Machine, put it in complete order, and reverse the direction of rotation for twenty dollars (\$20)

Hoping to be favored with your order we remain

Yours truly,

THE ELECTRO-DYNAMIC CO. OF PHILA.
